

SJSU **DIVEST** NOW

EMAIL TEMPLATE TO SEND TO ADMIN AT THE END!!!!!!

The Genocide of Palestinians has been ongoing since the Nakba of 1948. For the past 7 months, the Zionist entity has starved, displaced, kidnapped, and murdered over 40,000 Palestinian people in Gaza and carried out attacks in the West Bank. The United States sanctions funding for Israel's military arsenal, resulting in widespread death and destruction across the Gaza Strip, spanning from Gaza City to Rafah. Israel has trapped 1.5 million fleeing Palestinians in Rafah, where millions of innocent people are left without any piece of their livelihood living in tents. Israel has begun a ground and aerial invasion of Rafah, where over 600,00 children are sheltering. Our university is complicit.

Israel has destroyed every last university in Gaza. **We will not sit idly by while SJSU stays silent on the matter of mass murder and genocide and supports the oppressive forces responsible.** We are joining the statewide movement demanding that our CSU divest from the companies that profit from the occupation and genocide in Palestine. Now more than ever, it is time to mobilize and demand that SJSU is no longer complicit in human rights violations. **We no longer want our tuition money funding genocide.**

Subject: SJSU Must Divest and Call for a Ceasefire Now!

Copy and paste the following email:

Hello, I write to the SJSU administration, and to President Cynthia Teniente-Matson specifically, demanding that the University (and its auxiliaries, as well as the Tower Foundation) immediately divest from companies that financially and materially support the genocide in Gaza. Stop all study abroad programs in Israel, as you are funding their economy and traveling to stolen, occupied land.

All universities in Gaza have been flattened to the ground. Tens of thousands have been slaughtered. Millions have been displaced. Palestine has been occupied for nearly 76 years, and this administration is directly complicit in it. PUBLICLY ADMIT THIS IS A GENOCIDE!!

You are using our tuition money to fund genocide. This ends now. No money for genocide, no money for apartheid, and no money for occupation. SJSU, divest from death!
