

CERTIFICATE OF ANALYSIS

Certificate Identifier: H26062024A02

Customer: Canavita UG
Address: Schellingstr. 109a
80798 MUC

Sample Name: 5% CBD Oil
Sample Type: Oil
Amount Received: 5 g
Date Received: 26/06/2024
Received by: Anna Sorochenko

Date of Analysis: 26/06/2024

Cannabinoid Summary	Weight % (w/w)	Deviation % (\pm w/w)
Total THC Equivalents	0.18	0.02
Total CBD Equivalents	8.46	0.21

Cannabinoid Profile	Weight % (w/w)	Deviation % (\pm w/w)
Tetrahydrocannabinolic acid (THCA)	N.D.*	--
Δ 9-Tetrahydrocannabinol (THC)	0.18	0.02
Δ 8-Tetrahydrocannabinol (THC)	N.D.*	--
Cannabidiolic acid (CBDA)	N.D.*	--
Cannabidiol (CBD)	8.46	0.21
Cannabinol (CBN)	N.D.*	--
Cannabigerol (CBG)	N.D.*	--
Cannabichromene (CBC)	0.10	0.01

*according to our analysis method. N.D. = not detectable, with the detection limit being defined as: a) <0.05% (weight for weight) of the sample for Flowers/Plant Material/Concentrates/Extracts/Resins; b) <0.07% (weight for weight) of the sample for Isolates/pure substances.

All analyses were performed by GenoSynth GmbH on samples in the condition they were received and were performed according to the procedure described in the German Pharmacopoeia Monograph (BAz AT 06.05.2019 B6 & BAz AT 24.04.2018 B5). GenoSynth warrants that all analytical work was performed professionally in accordance with all applicable standard laboratory practices. Results may vary if another method was used, or the analysis was performed with another laboratory. This document does not constitute a legal document.
