

**Lord, I bring my tithe to you.
I thank you for my ability to give,
but more than that, I thank you for
a heart to give.**

**I thank you that my provision
comes from you, and is sustained
by you.**

**By giving you the first tenth of my
income, I am declaring that the
whole thing belongs to you.**

**I am declaring, that my finances
are in order because you are a
God of order.**

**I am declaring, that my finances will
last as long as they are needed,
because you are a God of more
than enough.**

**I am declaring, with my finances
that comparison has no place in my
life.**

**I am declaring, with my finances
that you alone are worth more than
my position, my income, my status,
or my reputation.**

**Lord, would you receive this
offering as a gift from one you have
freely given your life for.**

You are Lord of my money!

AMEN!
